Dangerous Territory

My Misguided Quest to Save the World

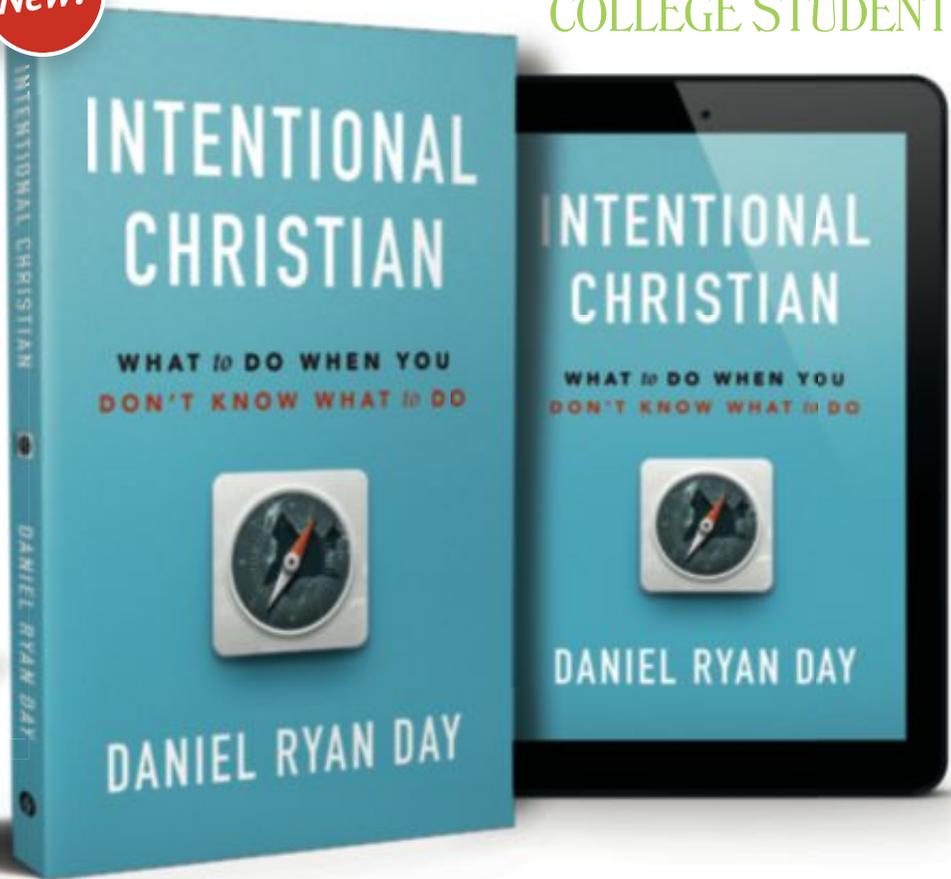

Amy Peterson

Amy Peterson grew up in a Christian home and, like many young people today, absorbed a message that she needed to do big things for God. But when her idealism clashed with her reality, she found herself questioning both her choices and her faith. *Dangerous Territory* is a captivating memoir that tells Amy's personal journey from wide-eyed adventurer to questioning believer to simply a beloved child of God. Her story will challenge your notion of "mission work," showing how you can have a vital relationship with God that naturally spills over to affect others.

PERFECT FOR GRADUATES AND COLLEGE STUDENTS!

Intentional Christian

What to Do When You Don't Know What to Do
Daniel Ryan Day

Many of us have bought into the idea that God has a specific plan for us—and that if we don't find it and carry it out, we aren't living a truly Christian life. God does have a plan for each of us, but it's often more general—and He's given us His Word to tell us what to do. Day clarifies the difference between "specific callings" and "common callings." God has given and does give specific callings—but we shouldn't sit idly waiting for them. His common callings to all people include such directives as "love God and love others" and "seek justice, love mercy, and walk humbly with God." This book encourages us to be "intentional Christians" who obey the many common callings that Scripture teaches.
